

Aviation Day at Paine Field – May 20th

Show off your car and enjoy the show!

I sent out emails previously on this topic and I'm hoping now that we're a month out, more folks can plan and commit to this really wonderful event. Steve and I attended two years ago and had a great time. There are static displays, flying demonstrations and the Foundation exhibits. We found plenty of interest to fill the day. And there are nice benefits – free admission and a membership to HFF!

Please read the letter below from the organizers and let me know if you can attend. I accepted their invitation to show our cars and hope that we will have more than just a few. Triumphs from all years are welcome. RSVP to me at magdah@comcast.net. Mary Hogan 206-369-1932

Our invitation from the organizers:

Historic Flight Foundation, located at Paine Field near Everett (HFF) displays, maintains and operates some of the most significant vintage airplanes of the 1927 - 1957 eras. All are in mint condition, historically authentic and "of course they fly". The HFF Maintenance Hangar at Paine Field is more than a museum: It is a "working hangar", where all aircraft are being maintained and can be seen close-up - without barriers or ropes to cordon them off.

In cooperation with Paine Field, HFF and the Flying Heritage Collection (FHC) are organizing "Aviation Day" at Paine Field on May 20th. This is a great event with flying airplanes, visiting aircraft on display, demonstration flights, kids activities and wonderful food. Rides are available on selected airplanes.

We are inviting a number of automobile clubs in the PNW to participate in this event. Selected automobiles will be on display alongside live vintage aircraft along the Kilo 6 Ramp where they will be featured as a main public attraction. This is a great opportunity to showcase your club's prides and meet interesting people from other automobile clubs, as well as aviation enthusiasts!

- Admission to the event is free for selected automobiles - including driver and one passenger.
- We offer one free annual HFF membership to owners of participating vehicles. This provides unlimited access to HFF and activities for one full year.
- Food is available for purchase. Food trucks are available throughout the day.

Details:

- Cars must arrive and be in place between 7:30 AM and 8:00 AM. Airport access gates will close and will be locked at 8:30 AM, prior to the Aviation Day 5k / 10k race.
- A parade of vintage vehicles is planned as part of their departure. Staging begins at 3:30 PM and will progress along taxiways Kilo 6 and Kilo 7.
