

## ZOOM TECH SESSION PRESENTED BY BRITISH CAR RANCH

On Saturday April 5<sup>th</sup>, 10a.m., we will host a zoom tech session on our very own zoom platform, covering everything you need to know about the British 4 speed transmission, and the British overdrive used with them. This will include Austin Healey's, Sprite's, MG's, MGA's, TR2-6 and Spitfire's.

We will cover how to operate the transmission and overdrive, including how to shift in and out of the overdrive, what oils are best to use in their lubrication, maintenance intervals, what the most common problems are that show up and how to cure them, and finally, what your options are when they need overhaul. Yes, the 5-speed conversion option will be touched on as well as driveline maintenance and differential pointers to consider.

Following the main body of information will be a chance for you to ask your individual questions and get answers.

Email us at [britishcarranch@hotmail.com](mailto:britishcarranch@hotmail.com) to register for this exciting session and we will send the zoom link to you to join in.
